Jake's Ride for Dystonia Research

News from Lois Schneider Realtor

9/25/09

The window display at Lois Schneider Realtor serves as a reminder of "Jake's Ride for Dystonia Research" to be held Sunday, October 4, 2009 at Glenwood School in Millburn-Short Hills. Dystonia is a debilitating neurological movement disorder affecting 500,000 children and adults in the U.S., including Jake Silverman, a very special member of our own community. Proceeds from Jake's Ride will benefit The Bachmann-Strauss Dystonia and Parkinson Foundation, Inc., and will be used to fund research to find better treatments and cures and to provide medical and patient information. Lois Schneider Realtor is proud to participate in Jake's Ride through corporate sponsorship and team participation. Pictured in front of the office on Springfield Avenue in Summit are some members of The Lois Schneider Team. From left to right are Maren Dinsmore, Sue Douglas, Allison Lees, Stephanie Kramer, Cindy Bienemann, and Linda Peck. For more information on how to become a participant, sponsor, or donor, please visit www.jakesride.org.
